NOTE: This notice does <u>not</u> apply to: (1) the initial sale of single family residential property which has never been occupied, or for which a certificate of occupancy has been issued within one year prior to the date of the Contract; (2) a transfer that is exempt from the transfer tax under Subsection 13-207 of the Tax-Property Article, except land installments contracts of sale under Subsection 13-207(a)(11) of the Tax-Property Article and options to purchase real property under Subsection 13-207(a)(12) of the Tax-Property Article; (3) a sale by a lender or an affiliate or subsidiary of a lender that acquired the real property by foreclosure or deed in lieu of foreclosure; (4) a sheriff's sale, tax sale, or sale by foreclosure, partition or by court appointed trustee; (5) a transfer by a fiduciary in the course of the administration of a decedent's estate, guardianship, conservatorship, or trust; (6) a transfer of single family residential real property to be converted by the buyer into a use other than residential use or to be demolished; or (7) a sale of unimproved real property.

Section 10-702 of the Real Property Article of the Annotated Code of Maryland ("Section 10-702" requires that a seller of a single family residential property ("the property") deliver to each buyer, on or before entering into a contract of sale, on a form published and prepared by the Maryland Real Estate Commission, **EITHER**:

- (A) A written property condition disclosure statement listing all defects including latent defects, or information of which the seller has actual knowledge in relation to the following:
  - (i) Water and sewer systems, including the source of household water, water treatment systems, and sprinkler systems;
  - (ii) Insulation;
  - (iii) Structural systems, including the roof, walls, floors, foundation and any basement;
  - (iv) Plumbing, electrical, heating, and air conditioning systems;
  - (v) Infestation of wood-destroying insects;
  - (vi) Land use matters;
  - (vii) Hazardous or regulated materials, including asbestos, lead-based paint, radon, underground storage tanks, and licensed landfills;
  - (viii) Any other material defects, including latent defects, of which the seller has actual knowledge;
  - (ix) Whether the required permits were obtained for any improvements made to the property;
  - (x) Whether the smoke alarms:
    - 1. will provide an alarm in the event of a power outage;
    - 2. are over 10 years old; and
    - 3. if battery operated, are sealed, tamper resistant units incorporating a silence/hush button and use long-life batteries as required in all Maryland homes by 2018; and
  - (xi) If the property relies on the combustion of a fossil fuel for heat, ventilation, hot water, or clothes dryer operation, whether a carbon monoxide alarm is installed on the property.

Latent defects under Section 10-702 means material defects in real property or an improvement to real property that:

- (i) A buyer would not reasonably be expected to ascertain or observe by a careful visual inspection, and
- (ii) Would pose a threat to the health or safety of the buyer or an occupant of the property, including a tenant or invitee of the buyer;

OR

- (B) A written disclaimer statement providing that:
  - (i) Except for latent defects of which the seller has actual knowledge, the seller makes no representations or warranties as to the condition of the real property or any improvements on the real property; and
  - (ii) The buyer will be receiving the real property "as is," with all defects,

Seller (MR) Thurt

including latent defects, that may exist, except as otherwise provided in the contract of sale of the property.

At the time the disclosure or disclaimer statement is delivered to you ("the buyer"), you are required to date and sign a written acknowledgement of receipt on the disclosure or disclaimer statement which shall be included in or attached to the contract of sale.

Section 10-702 further provides that a buyer who receives the disclosure or disclaimer statement on or before entering into a contract of sale does not have the right to rescind the contract based upon the information contained in the disclosure or disclaimer statement.

You are hereby notified that, in certain circumstances, you have the right to rescind your contract with the seller if the seller fails to deliver to you the written property condition disclosure or disclaimer statement. Section 10-702 provides that a buyer who does not receive the disclosure or disclaimer statement on or before entering into the contract has the unconditional right, upon written notice to the seller or seller's agent:

- (i) To rescind the contract at any time before the receipt of the disclosure or disclaimer statement or within 5 days following receipt of the disclosure or disclaimer statement; and
- (ii) To the immediate return of any deposits made on account of the contract.

Your right to rescind the contract under Section 10-702 terminates if not exercised before making a written application to a lender for a mortgage loan, if the lender discloses in writing at or before the time application is made that the right to rescind terminates on submission of the application or within 5 days following receipt of a written disclosure from a lender who has received your application for a mortgage loan, if the lender's disclosure states that your right to rescind terminates at the end of that 5 day period.

Your rights as a buyer under Section 10-702 may not be waived in the contract and any attempted waiver is void. Your rights as the buyer to terminate the contract under Section 10-702 are waived conclusively if not exercised before:

- (i) Closing or occupancy by you, whichever occurs first, in the event of a sale; or
- (ii) Occupancy, in the event of a lease with option to purchase.

The information contained in the property condition disclosure statement is the representation of the seller and not the representation of the real estate broker or sales person, if any. A disclosure by the seller is not a substitute for an inspection by an independent professional home inspection company. You should consider obtaining such an inspection. The information contained in a disclosure statement by the seller is not a warranty by the seller as to the condition of the property of which condition the seller has no actual knowledge or other condition, including latent defects, of which the seller has no actual knowledge. The seller is not required to undertake or provide an independent investigation or inspection of the property in order to make the disclosures required by Section 10-702. The seller is not liable for an error, inaccuracy or omission in the disclosure statement if the error, inaccuracy or omission was based upon information that was not within the actual knowledge of the seller or was provided to the seller by a third party as specified in Section 10-702(i) or (j).

You may wish to obtain professional advice about the property or obtain an inspection of the property.

The undersigned buyer(s) and seller(s) acknowledge receipt of this notice on the date indicated below and acknowledge that the real estate licensee(s) named below have informed the buyer(s) and the seller(s) of the buyer(s)' rights and the seller(s)' obligations under Section 10-702.

- Phase in value comes from the data base at the Maryland Department of Assessments and Taxation <a href="http://www.dat.state.md.us/">http://www.dat.state.md.us/</a>, Real Property Data Search. The phase in value is for the next fiscal year, if available, otherwise the phase in value is for current fiscal year.

Look for a link to "Pay or view your property tax bill on line".
- County Property Tax is the sum of the General Fund tax and several special fund taxes.
- All non-tax charges (for example Solid Waste, Water Quality Protection, Bay Restoration Fund, WSSC) are the charges in the current fiscal year.
   These charges may be different in the next fiscal year.

Effective every July 1st, the rate will change based on changes in the property assessment and debt service requirements. More information is available in the FAQ section of this website.
- You must update the estimate for the property taxes and other non-tax charges
  - a. Every July 1, because the tax rates, phase-in values, and other non-tax charges will or may change; AND ALSO
  - b. In early January if the calculation used the phase-in value for the current fiscal year instead of the phase-in value for the next fiscal year. This occurs in the period July 1 early January in the third year of the three year assessment cycle.
- 7. This property is located in a proposed development district. At some date in the future, development district taxes may be levied to pay debt service on bonds issued to build infrastructure in the district. It is important that property owners recognize that this additional tax may be levied in the future. ### REAL ESTATECOMMISSION

### **Understanding Whom Real Estate Agents Represent**

At the Time of the First Scheduled Face to Face Contact with You, the Real Estate Licensee Who is Assisting You is Required by Law to Provide this Notice to You. This Notice is Not a Contract or Agreement and Creates No Obligation on Your Part.

Before you decide to sell or buy or rent a home you need to consider the following information

In this form "seller' includes "landlord", "buyer' includes "tenant" and "purchase "or "sale" includes "lease"

### Agents Who Represent the Seller

Seller's Agent: A seller's agent works for the real estate company that lists and markets the property for the sellers and exclusively represents the sellers. That means that the Seller's agent may assist the buyer in purchasing the property, but his or her duty of loyalty is only to the sellers.

Cooperating Agent: A cooperating agent works for a real estate company different from the company for which the seller's agent works. The cooperating agent can assist a buyer in purchasing a property, but his or her duty of loyalty is only to the sellers.

If you are viewing a property listed by the company with whom the agent accompanying you is affiliated, and you have not signed a "Consent for Dual Agency" form, that agent is representing the seller

### Agents Who Represent the Buyer

Presumed Buyer's Agent (no written agreement): When a person goes to a real estate agent for assistance in finding a home to purchase, the agent is presumed to be representing the buyer and can show the buyer properties that are NOT listed by the agent's real estate company. A presumed buyer's agent may not make or prepare an offer or negotiate a sale for the buyer. The buyer does not have an obligation to pay anything to the presumed agent. If for any reason the buyer does not want the agent to represent him or her as a presumed agent, either initially or at any time, the buyer can decline or terminate a presumed agency relationship simply by saying so.

Buyer's Agent (by written agreement): A buyer may enter into a written contract with a real estate agent which provides that the agent will represent the buyer in locating a property to buy. The agent is then known as the buyer's agent. That agent assists the buyer in evaluating properties and preparing offers, and negotiates in the best interests of the buyer. The agent's fee is paid according to the written agreement between the agent and the buyer. If you as a buyer wish to have an agent represent you, you must enter into a written buyer agency agreement before a contract offer can be prepared.

### **Dual Agents**

The possibility of dual agency arises when the buyer's agent and the seller's agent both work for the same real estate company, and the buyer is interested in property listed by that company. The real estate broker or the broker's designee, is called the "dual agent." Dual agents do not act exclusively in the interests of either the seller or buyer, and therefore cannot give undivided loyalty to either party. There may be a conflict of interest because the interests of the seller and buyer may be different or adverse.

If both seller and buyer agree to dual agency by signing a Consent For Dual Agency form, then the "dual agent" (the broker or the broker's designee) will assign one agent to represent the seller (the seller's "intra-company agent") and another agent to represent the buyer (the buyer's "intra-company agent"). Intra-company agents may provide the same services to their clients as exclusive seller's or buyer's agents, including advising their clients as to price and negotiation strategy, provided the clients have both consented to be represented by dual agency.

Robert Kerxton

If either party does not agree to dual agency, the real estate company must withdraw the agency agreement for that particular property with either the buyer or seller, or both. If the seller's agreement is terminated, the seller must then either represent him or herself or arrange to be represented by an agent from another real estate company. If the buyer's agreement is terminated, the buyer may choose to enter into a written buyer agency agreement with an agent from a different company. Alternatively, the buyer may choose not to be represented by an agent of his or her own but simply to receive assistance from the seller's agent, from another agent in that company, or from a cooperating agent from another company.

No matter what type of agent you choose to work with, you have the following rights and responsibilities in selling or buying property:

- >Real estate agents are obligated by law to treat all parties to a real estate transaction honestly and fairly. They must exercise reasonable care and diligence and maintain the confidentiality of clients. They must not discriminate in the offering of properties; they must promptly present each written offer or counteroffer to the other party; and they must answer questions truthfully.
- >Real estate agents must disclose all material facts that they know or should know relating to a property. An agent's duty to maintain confidentiality does not apply to the disclosure of material facts about a property.
- >All agreements with real estate brokers and agents should be in writing and should explain the duties and obligations of both the broker and the agent. The agreement should explain how the broker and agent will be paid and any fee-sharing agreements with other brokers and agents.
- >You have the responsibility to protect your own interests. You should carefully read all agreements to make sure they accurately reflect your understanding. A real estate agent is qualified to advise you on real estate matters only. If you need legal or tax advice, it is your responsibility to consult a licensed attorney or accountant.

Any complaints about a real estate agent may be filed with the Real Estate Commission at 500 North Calvert Street, Baltimore, MD 21202. (410) 230-6206.

## STATE OF MARYLAND REAL ESTATE COMMISSION

### **Consent for Dual Agency**

(In this form, the word "seller" includes "landlord"; "buyer" includes "tenant"; and "purchase" or "sale" includes "lease")

### When Dual Agency May Occur

The possibility of Dual Agency arises when:

- 1) The buyer is interested in a property listed by a real estate broker; and
- 2) The seller's agent and the buyer's agent are affiliated with the same real estate broker.

### Important Considerations Before Making a Decision About Dual Agency

A broker acting as a dual agent does not exclusively represent either the seller or buyer; there may be a conflict of interest because the interests of the seller and buyer may be different or adverse. As a dual agent, the real estate broker does not owe undivided loyalty to either the seller or buyer.

Before the buyer and seller can proceed to be represented by a broker acting as a dual agent, they must both sign Consent for Dual Agency. If the <u>buyer</u> has previously signed Consent for Dual Agency, the buyer must affirm the buyer's consent for the purchase of a particular property before an offer to purchase is presented to the seller. If the <u>seller</u> has previously signed Consent for Dual Agency, the seller must affirm the seller's consent for the sale of the property to a particular buyer before accepting an offer to purchase the property. The **affirmation** is contained on Page 2 of this form.

### Your Choices Concerning Dual Agency

In a possible dual agency situation, the buyer and seller have the following options:

- 1. Consent in writing to dual agency. If all parties consent in writing, the real estate broker or the broker's designee (the "dual agent") will assign one real estate agent affiliated with the broker to represent the seller (the seller's "intra-company agent") and another agent affiliated with the broker to represent the buyer (the buyer's "intra-company agent"). Intra-company agents may provide the same services to their clients as an exclusive seller's or buyer's agent, including advising their clients as to price and negotiation strategy.
- 2. Refuse to consent to dual agency. If either party refuses to consent in writing to dual agency, the real estate broker must terminate the brokerage relationship for that particular property with the buyer, the seller, or both. If the seller's agreement is terminated, the seller must then either represent him or herself or arrange to be represented by another real estate company. If the buyer's agreement is terminated, the buyer may choose not to be represented by an agent of his or her own but simply to receive assistance from the seller's agent, from another agent in that company, or from a cooperating agent from another company. Alternatively, the buyer may choose to enter into a written buyer agency agreement with a different company.

**Duties of a Dual Agent and Intra-Company Agent** 

Like other agents, unless the client gives consent to disclose the information, dual agents and intra-company agents must keep confidential information about a client's bargaining position or motivations. For example, without written consent of the client, a dual agent or intra-company agent may not disclose to the other party, or the other party's agent:

- 1) Anything the client asks to be kept confidential; \*
- 2) That the seller would accept a lower price or other terms;
- 3) That the buyer would accept a higher price or other terms;
- 4) The reasons why a party wants to sell or buy, or that a party needs to sell or buy quickly; or
- 5) Anything that relates to the negotiating strategy of a party.

### **How Dual Agents Are Paid**

Only the broker receives compensation on the sale of a property listed by that broker.

If a financial bonus is offered to an agent who sells property that is listed with his/her broker, this fact must be disclosed in writing to both the buyer and seller.

### **Consent for Dual Agency**

I have read the above information, and I understand the terms of the dual agency. I understand that I do not have to consent to a dual agency and that if I refuse to consent, there will not be a dual agency; and that I may withdraw the consent at any time upon notice to the dual agent. I hereby **consent** to have
